Education

Towson University — Bachelor of Science in
Computer Science

Experience

Software Engineering Project Management

- Led development planning, task assignment, and version control across student teams
- Applied Agile methodologies and Git for efficient collaboration

Manager, Ocean City Paintball & Sports Center — 2014–2019

- Supervised day-to-day operations, managed staff, and ensured customer satisfaction
 - Developed leadership, communication, and problem-solving skills under pressure
-

Skills

- **Languages:** Java, Python, JavaScript, HTML, CSS, SQL, Kotlin, Rust
 - **Tools/Technologies:** Git, Nginx, Linux, Wireshark, Nmap, Node.js, React, Angular
 - **Relevant Courses:** Mobile App Development, OOP, Networking, Cybersecurity, Artificial Intelligence
-

Technical Projects

Android Mobile Development (Kotlin/Java)

- Built an Android application in Kotlin using Jetpack Compose
- Implemented multi-screen navigation, user input handling, and local data storage with SQLite

AI Prompt Engineering Web App (Python)

- Developed a python tutor AI assistant leveraging the Meta LLaMA and HuggingFace API with a React frontend
- Designed prompt strategies to enforce domain constraints and improve response quality

Markdown Compiler (Rust)

- Built a compiler in Rust from scratch for a custom markdown language
- Managed the full compilation pipeline (lexer, parser, semantic analysis, and static scoping) under a hard deadline as a solo project

Database-Backed Application (SQL/Java)

- Designed and implemented a restaurant delivery system backed by MySQL, applying full database normalization
 - Built a Java DAO layer with JDBC for clean separation of data access logic, and resolved JDBC connection in a Maven project
-

Certifications

- Responsive Web Design – FreeCodeCamp
- JavaScript Algorithms and Data Structures – FreeCodeCamp
